LADY VEES LOOK READY TO DEFEND NATIONAL CHAMPIONSHIP

Denton Anthony
Sports Editor

Tuesday evening in the Ben Avery Phys. Ed. gym, the Lady Vees easily disposed of the University of Guelph Lady Gryphons by a tune of 75-33. It was their first play-off game and will hopefully continue their winning ways at the OWIAA championships this weekend at Brock University.

The Lady Vees led 44-21 at the half, and an excellent defensive 2nd half allowed Guelph on 12 points. At press time, individual stats were not available.

GOOD LUCK LADY VEES!

SGA Moves to Suspend LOCS Funding if Hutchison Doesn't Quit

SGA Report by,
Chris Land

The SGA council has moved to suspend funding to the Laurentian Off-Campus Students Association until their President, Paul Hutchison, resigns from his post. The LOCS executive have been unable to account for \$1300 this year. The concern that was raised was that these missing funds constitute a substantial amount of money and Paul Hutchison must be held accountable. Since Paul was not in attendance at this meeting of SGA, the motion was tabled until the next meeting on March 12.

Earlier this year SGA voted to only allocate money for a LOCS formal on condition that it was directly controlled by the Director of Finance of SGA. They then went on to vote an allocation of \$400.

This motion will not have an effect on any funding for this year as that money has already been allocated. The intent of this motion is to send a signal to heads of other campus organizations that they have to be responsible with their finances or they will find themselves cut off from SGA support.

There were some members of council who felt that Paul should have known that this issue was going to be raised since the question of LOCS finances had been discussed at previous meetings. They felt that something had to be done soon urging that the motion not be tabled.

The treasurer of LOCS was in attendance and defended Paul Hutchison. He said that Paul had founded LOCS and even though he did make some mistakes,

council that Paul Hutchison has a running personality conflict with some members of SGA; the implication being that this motion has more to do with clashing personalities than it does with possible impropriety. Either way Paul will have to answer for his actions at the next meeting of SGA.

he is the person responsible for making LOCS a viable student organization.

It was also said by a member at

Other News

This week SGA is circulating a questionnaire in Lambda to gauge student interest in a possible off-campus students centre. They are looking into the feasibility of such a facility and will be trying to find out if there is a genuine interest. There will be the formation of a

steering committee which will consist of two members of SGA executive, two members of council and two off-campus representatives.

As well SGA voted to allot \$400 to the school of Social work so that they can bring a lecturer in from Montreal to talk about the cycle that battered women go through and to teach councilors to stop the cycle. The motion passed unanimously.

There will also be a candidates forum for the upcoming SGA elections to be held on Monday, March 4 at 12:00 noon. The elections will be held on the following Tuesday and Wednesday. SGA President Marc Veno urges all SGA members to attend the candidates meeting and vote. He went on to say, "If you don't vote, don't bitch."

From the Editor's Pen

"If You Don't vote, Don't BITCH"

Do you care what happens to our student body next year? Are you at all concerned about your student levy, the new student centre, off-campus info frosh week and what the soon to be elected SGA council may or may not do with your academic future? By the turnout of last year's election one would think that L.U. students are not the least bit concerned with such issues... as the voting turnout was disgustingly low.

Throughout this year and last, numerous individuals both on and off campus students have approached me to complain about said issues - to which I would and continue to reply - "did you vote for or against it?, did you exercise your vote on that issue etc.?" It is safe to say they answered "no".

If the students of Laurentian are going to continue to be so apathetic regarding such issues then they have no place to complain and I as well as others will not be sympathetic to there needs and concerns.

I would like to take this opportunity to congratulate those individuals who are courageous enough to campaign and to also, if I may wish each and everyone the best of luck on voting day.

I would also like to make a personal plea to all on and yes - even the off campus students to please get out and vote. The polls will be open on March 5th and 6th between 9:00 am and 7:30 pm outside the not-so Great Hall. If you want the SGA to represent you you must first represent them!!!!

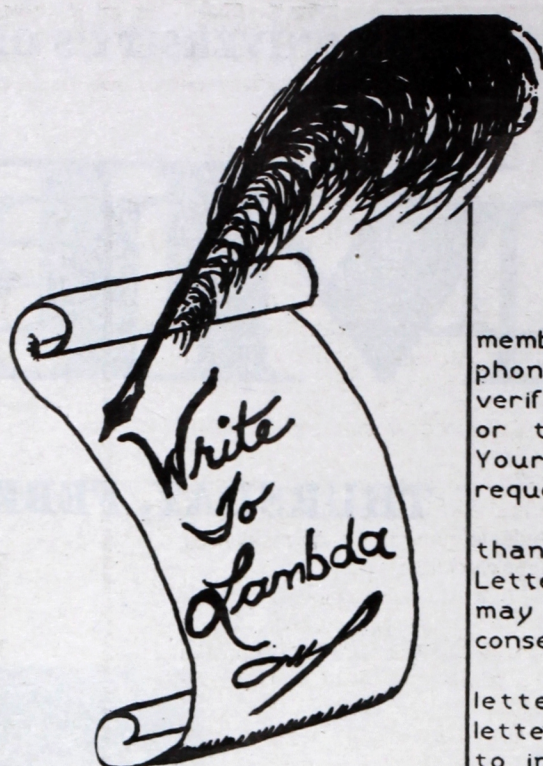

From the mouth of a babe; Marc Veno, "If you don't vote, don't bitch!!!!"

During the Spring break the Laurentian Soccer team were fortunate enough to travel to sunny Florida for sun, fun and of course competitive soccer.

I want to thank Alex and the rest of the soccer studs for taking time out of their expedition to send me a postcard. I wish I could print what was on the front of it.

Thanx again for thinking of me and I hope to get pictures of your trip for next weeks' issue. Congratulations on one helluva season!

LU Will Jump on 'green'

If 52,000 households can work to help save the environment by participating in the Blue Box program, Laurentian University can surely do its part to, says the head of an environment committee at the University.

The Presidential Advisory Committee on the Environment, chaired by geology professor Dr. David Pearson, is asking the university's budget committee for \$60,000 to operate recycling programs on campus.

"There will be 52,000 households in the region recycling parts of their household waste, and we think there's a responsibility on the rest of the community to do what it can," said Pearson.

"We shouldn't just sit around and wait for someone to come along and do it for us. We should be showing some leadership."

Bandwagon

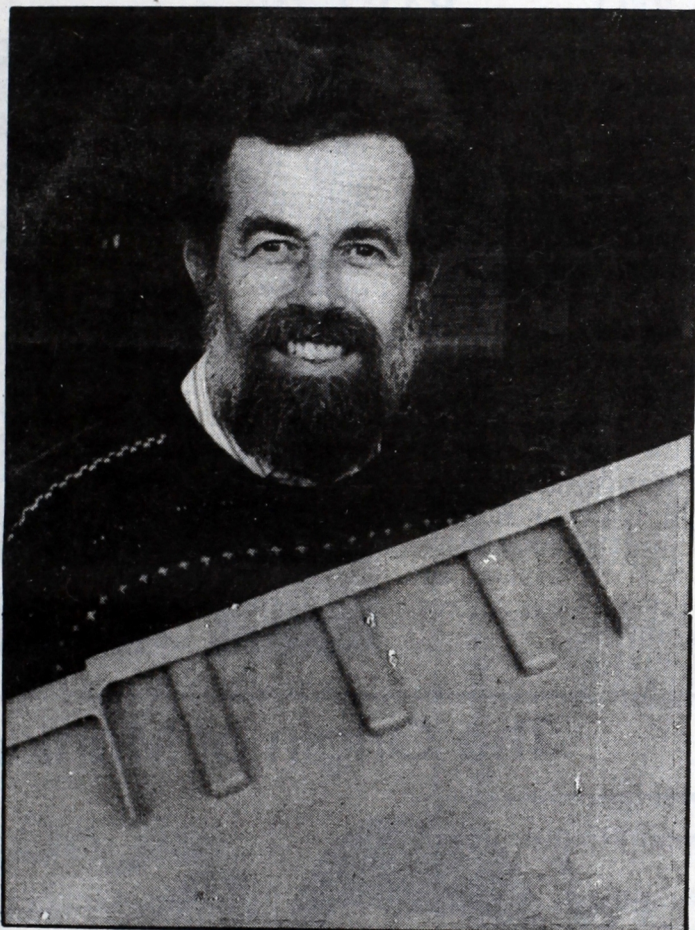

By KIM-DOMINIQUE PLOUFFE

Without a paper recycling program, paper will continue to go "into the ordinary garbage together with apple cores and pop cans and the kitchen garbage, and it ends up at the dump," said Pearson.

The second proposal includes distributing 200 blue boxes for use by 1,200 students living in the six residences, and in three cafeterias.

Students could deposit recyclable waste in the blue boxes installed either in their apartments or in the common kitchen. Larger bins could be set up in the cafeterias.

The University could either contract someone to pick up the materials or pay staff to deliver them to the recycling centre on Frobisher Street (off Falconbridge Road.)

Dr. David Pearson wants Laurentian University students to start their own Blue Box recycling programs in campus residences and cafeterias.

Together with the newly formed Student Environment Committee, comprised of 12 Laurentian students, the advisory committee presented its two proposals to the budget committee Feb. 5.

The first proposal is to cooperate with other organizations to find a market for recycling fine paper.

Every week, the University produces between 300 and 600 kilograms of fine paper waste, paper from computer printouts, photocopiers and lecture notes.

"That's too small an amount for us to be able to sell directly to a paper (recycling) company," said Pearson.

He is recommending the University pool its used paper with waste from Inco and Falconbridge Ltd., the school boards, the Taxation Centre, the City of Sudbury and the Regional Municipality of Sudbury, to make it more marketable.

The programs would cost about \$60,000 to launch and \$25,000 a year to operate.

"We teach ideas at the University, ideas that have to do with looking after the planet, and we have to put our actions where our mouths are," said Pearson.

"It's going to cost the University money, but we think it's worth it."

Charles Belanger, acting president of Laurentian University, who initiated the advisory committee in April 1990, said the committee's "very forceful" presentations have proved to him "this is an initiative that is long-overdue."

The budget committee is expected to reply by early March.

Local Families Needed for Exchange Students

ASSE International Student Exchange Programs is seeking local families to host boys and girls, 15 to 18 years of age, from Scandinavia, France, Spain, Germany, Holland, Great Britain, Switzerland, Japan and New Zealand coming to this area for the upcoming school year. These personable and academically select exchange students are bright, curious and interested in learning about Canada through living as part of a family, attending high school and sharing their culture and language with their new adopted host family.

The students are fluent in English and are sponsored by ASSE, a non-profit, public benefit organization, affiliated with the Swedish and Finnish Departments of Education. ASSE cooperates with the Provincial Ministries of Education and is approved by the New Zealand Department of Education.

Each student is well screened and qualified by ASSE, is fully insured, brings his or her own spending money and expects to share in household responsibilities as well as being included in normal family activities and lifestyles. Families may select the youngster of their choice from extensive student application, family photos and biographical essays.

ASSE is also seeking local high school students to become ASSE exchange students abroad. Canadian students should be between 15 and 18 years of age, have a good academic record and be interested in experiencing another language and culture through attending school and living with a warm and giving volunteer family. Academic year and shorter term summer vacation programs are available.

Those persons interested in obtaining more information about becoming a host family or becoming an exchange student should contact ASSE's local representative:

The Smurf Solution

Have you ever wondered why the Smurfs are constantly being plagued with problems? I bet you thought it was part of the plot for the cartoon. Guess again.

The fact is that the Smurfs are the biggest single group of hard-line communists in the world. And we all know how well communism works, don't we? Furthermore, it can be proven that the reason the Smurfs were developed was to brainwash the capitalist minds of Western children. I can hear all you wonderful Trotskyists out there saying that this isn't true but I assure you it is.

Think about it. The Smurfs, except Smurfette, are nearly identical. they all have the same houses, clothes and morals. they all get the same ration of

smurfberries, the same workload, and whenever one of them does something for personal gain he is reprimanded for it. Sound fishy? Read on.

Papa Smurf, in case you've never noticed, looks very much like a white-haired Lenin wearing red. Coincidence, I think not. In contrast Gargamel is portrayed as evil because he wants to get ahead of himself and not share his wealth with society. Imagine such atrocity. And did you ever notice that the Smurf dam springs leaks like Soviet submarines? Even propaganda cartoon can't deny the obvious inefficiency and inferiority of a communist economy. For instance, have you ever seen an episode in which the Smurf village expands or turns a profit, or mechanizes?

The solution to this Smurf problem is a good dose of capitalism. I guarantee that the Smurf population would explode, the village would go condo, and they would build up the largest military in

the forest. Gargamel and his cat, Azriel, would be killed off by the plain clothed Smurf C.I.A. within a few years of Smurf capitalism. Yes there would be some poorer Smurfs but they would always have the opportunity to get ahead. This is definitely better than all the Smurfs surviving at a subsistence level. And I can guarantee that the Smurf dam would be rebuilt and never spring another leak.

The Smurf race would be infinitely better off on the whole if they moved to capitalism. Now, however, the Smurfs are losing popularity to the highly capitalistic and individualistic Teenager.

Mutant Ninja Turtles. This, I think, is because the Americans have caught onto this Communist plot and are trying to counteract it by putting forward good capitalist role models. However, if the Americans really wished to foil the plot they would convert the Smurfs to capitalism and do everyone concerned a great favour.

On the Subject of On-campus Parking.

Today, 26. Feb 1991, I spent 25 minutes trying to get into Parking Lot 10- you know the large expanse of mud at the bottom of the hill. Is there an evil little man that controls those gates. Sometimes my card works the first time and then other times, it doesn't work at all. Other people have had this experience so I know its not an isolated occurrence or specific to me. This morning there was a lineup of some 20 cars trying to get into the parking lot. Students were trying to go to class to get something from the thousands of dollars we pour into this institution every year. We were told that this new system would save time and inconvenience by making sure only payed users are in the parking lot. I thought that was why we payed those security people anyway. All the time I saved made me 20 minutes late for my class.

The 28 dollars that I, and every other student that uses the lot payed, obviously went to the lowest bidder in the gate supplier war. Maybe the money would have been better spent to pay the wages of those boys in blue while they walk around and ticket those people who do not have stickers on their cars - just like in the old days (1989-90).

YOUR SGA CAND

PRESIDENT

Al Clausi

G'Day Fellow Voyageurs!!

Now that we've caught up on our studying during "Reading Week", (most of us on a beach in a foreign tropic, no doubt), it is time to get down to some serious business. SGA Elections for the 1991-92 term are fast approaching, and I would like to briefly summarize my experience from the past two years as well as my plans for next year if elected SGA President.

Since being a frosh in Sept. 1987, I have managed to uphold an honours average in English and Law and Justice. I was a Sports Writer for Lambda in my second year, and then took on the positions of both Sports Editor for Lambda and Director of Services for the SGA in 1989. I maintained this executive position throughout this past academic year and managed to restructure, for example, the directory and Carny (with the help of Laura and Chin, that is).

However, although these are important issues which I am glad have been greatly improved, there are other issues which are also hampering the University. Without getting into too much detail, I would like to summarize my main objectives for the approaching election:

-Off Campus Needs (College Fees, Off-Campus Student Centre)

-Campus Facilities (Instant Teller, Washing Machines, etc.)

-Recycling on Campus

-Alcohol Awareness

-Rescontracting of Financial Responsibilities of Clubs and Associations

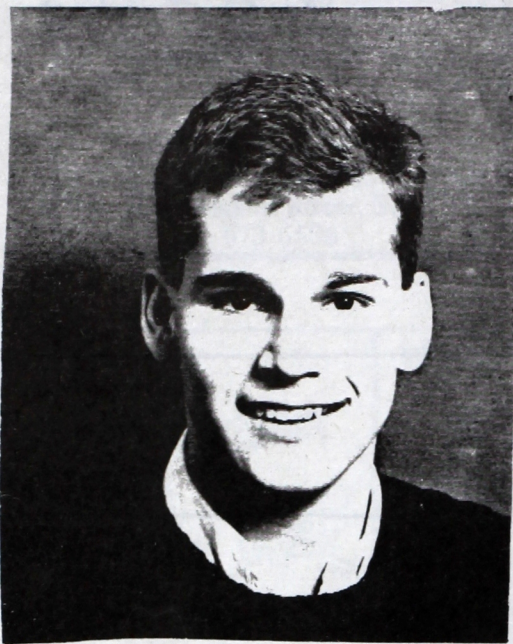

-Opting Out Clause for SGA/Blue Cross Drug Plan

-CFLR FM License

-Greater communication between all on and off campus organizations.

These are issues about which I feel strongly and will expand upon at the candidates speeches on Monday, March 4th, at noon in the Great Hall. Please take the time to listen to each candidate and vote responsibly. Also, carefully consider my experience and the result I have achieved during my term as Director of Services. The choice is obvious, so do not let yourself and other students down for next year.

Mark Green

Hi, I'm Mark Green and I'm running for SGA President. In the upcoming year, the SGA will be needing strong leadership to deal with the finalization of the Student Centre Development of an Off-Campus Centre and overall relations with administration. In the past, I have proven myself in positions of leadership and experience.

In 1990-1991 as SGA Vice-president, I represented student views on many committees, including: Student Centre Building and Planning, Pub management, Parking and security to mention a few.

I was the Residence Assistant in University College Residence.

In 1989-1990 I was the President of University College Residence where I was responsible for coordinating actions.

I was also the UC representative on SGA council and represented UC on Committees dealing with Carny Week, the SGA Constitution, and Finances.

Given my experience, I offer a presidential candidate who not only will versed in all aspects of the SGA. I also have been in positions that require significant leadership skills.

In the past year, I have seen things that have worked and others that have not. I have various goals that I would like to achieve should I be elected.

- Improve Public awareness of the SGA and its functions.
- Increase the SGA's function in all aspects of student life. Students need assistance in filing appeals in both financial and academic aspects.
- Improve School Spirit through support of all Varsity teams.
- Ensure the implementation of the Student Security walk home program.
- Strive to better improve the needs of Off-Campus students, such as involvement and programming.
- Get men's intramural Hockey back.
- Develop an Off-Campus Centre

Hi! My name is Maurice J. Cloutier, (Moe), I am running for the position of director of Bilingual Affairs. I have had a great deal of experience working as a part of various executive committees and have held countless positions on several of these committees throughout my high school and university career. Currently I am the president of Laurentian's theatre group (Thorneloe Players). The reason for my candidacy is that I honestly believe I am the best person for the job. The SGA has slowly but surely started to integrate bilingualism into their organization and I hope that you will let me become an active part of this process. As a francophone living in UC, I am subjected to the bilingual issue everyday. I am not only running for a position on the SGA executive but supporting a school of thought I am deeply committed to.

BONJOUR! Je me nomme Maurice J. Cloutier (Moe) et je me présente comme candidat au poste de Directeur des affaires bilingues. Je me croit compétent car je suis tout à fait familier à ce genre tâche. Je me suis impliqué à plusieurs reprises au secondaire et cette année je me trouve à la tête de la troupe de théâtre de Thorneloe. L'A.G.E. est une organisation qui s'ouvre davantage au bilinguisme, et avec votre appui je ferai de mon mieux pour perpétuer cet effort. En tant que franco-ontariois je me trouve souvent face à la question du bilinguisme. En posant ma candidature je ne fait pas seulement concourir pour une position mais aussi défendre une idéologie qui me tient à coeur.

I would also like to improve the advertising system to create awareness of SGA events.

Tracy Spencer

Hi! My name is Tracy Spencer. I am campaigning for the position on S.G.A. of Director of Services for the 1991-1992 school year. I am a 3rd. year Human Movement Student and feel I have qualities required for this position.

I am the appropriate choice for S.G.A. Director of Services because I have experience in engaging as well as the social requirements for meeting people, making contacts, listening to suggestions and working with others in order to get the job done.

My experience currently holding the position of president as well as a Resident Assistant of Single Students Residence. I am actively involved in the organizing and supervision of all of the social events planned for the Residence.

I am very aware of S.G.A. concerns and keep up with all of the major issues by attending council meetings and discussing these issues with the current S.G.A. Vice-President and other college/residence president's on a committee to resolve the College Fee distribution debate.

By voting me into the Director of Services position, you will have someone there with the experience in making contacts and organizing events. I also have the experience of working with others on committee's and councils and therefore know how important it is to cooperate and communicate. I not only have the interest in successful social events but I also have an interest in the dealings concerning S.G.A. members as a whole.

I look forward to the challenge and plan to do the best I can to make the 1991-1992 school year fun everyone. So, when you come out to the polling stations Tuesday March 5th and Wednesday March 6th to vote, be sure to mark TRACY SPENCER for DIRECTOR OF SERVICES

ANGELA LAFKAS

EQUALITY COMMISSIONER

HEATHER JENKINS

Siobhan Kari

The new position of Equality Commissioner is an amalgamation of the former Women's Commissioner and Men's Commissioner. The Equality Commissioner must deal with women's and men's issues, as well as issues concerning marginalised groups on campus. This new position will be difficult for one person to tackle as it encompasses the whole ball of wax concerning the rights of equality for each and every person.

I feel that I have the dedication, motivation, and abilities to fulfill the requirements for the position of Equality Commissioner.

My qualifications briefly listed are as follows:

- Women's Commissioner for the SGA in the 1990-1991 school year,

- I hold a seat on the Presidential Advisory Committee on the Status of Women,

- I also hold a seat on the Sexual Harassment Education and Complaints Committee,

- I am a member of the Steering Committee for the newly formed Sudbury Chapter of the Women's Legal Education and Action Fund (LEAF) which nationally funds legal cases which set precedents for the conditions and treatment and equality of women,

- I have worked for Lambda as the Production Director for the 1990-1991 school year,

- I sat on the Constitutional committee for the SGA.

- I am the First Year Representative on the History Society.

I am a first year student in History and Political Science.

This past year, Mark Green put forth a proposal for a Student Security Service and funds have been allocated for its implementation. Details have yet to be worked out, and I hope to be

instrumental in the final formation of the walk home program.

We are all equal under and before the law, but unfortunately reality does not follow the law. It is my hope that life at Laurentian University can get closer to equality and to human understanding.

MEN'S BASKETBALL

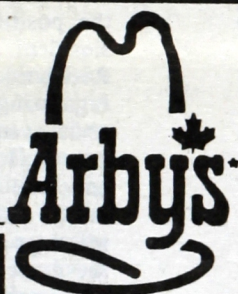

The Men's Basketball team hosted the University of Toronto Blues in their final regular season tuneup before the playoffs. The Voyageurs led 47-43 at halftime, but ended up dropping an 86-77 decision despite Norm Hann's 33 points. The Voyageurs begin the playoffs Friday evening when they host the division semi-final, probably against the Queen's Golden Gael. A win Friday earns the Vees the right to host the division final on Sunday, with the winner of that contest going to the CIAU Championships March 15, 16, 17.

Live, from Sudbury, this is SPADLINE. We trust everyone got their Yah, yah's out at least once over the break, and to all those with tans... peel, peel, peel.

Here are the answers to Trivia Edition #10. Question 1 had you name the NHL goaltender whose Rookie Hockey Card can fetch up to \$125.00, this would be Den Dryden's. Question #2 asked what two wars did Ted Williams fly in. The answer in WWII and the Korean War. The last question had you look up the only player to score on a penalty shot in last spring's Stanley Cup Play-offs. The player in question was none other than the "Blaster" Al MacInnis.

We'd like to congratulate Marcel Desjardin for successfully answering our Trivia #10. The "Marce" will receive awesome prizes from Labatt's

We'd like to remind students of the Annual SPAD Curling Bonspiel on March 8, 1991 in Coniston. If interested, contact a SPAD rep. Come out and enjoy this seasonal SPAD favourite. The entry fee will be \$25.00/team with lots of super prizes from Labatt's to be won.

A special welcome back goes out to first year SPAD LAD DEAN PLOSZ, too bad "He's" out for the season.

Now on to Trivia # 11, don't forget to drop off your answers with Lambda or the SPADLINE Drop Off Box at the Phys.Ed. Centre.

Hockey Vees Clinch Playoff Berth

Men's Hockey

The Voyageur Hockey team has qualified for post season play for the first time since 1986. The Vees entered this weekend's action leading the 7th placed Brock Badgers by two points, and needing to win only one of their final two games to clinch a playoff berth. The team responded by sweeping their final two games of the regular schedule, winning at R.M.C. Friday and at home against Windsor Sunday to finish the regular season with a 9-13 record. Friday night's game in Kingston saw the Voyageurs gain a decisive victory over R.M.C. to clinch a playoff berth. Fred Pennell and Murray Margarite led the Vees with two goals each in the 7-4 victory. The Vees ended the regular season by hosting the Windsor Lancers Sunday afternoon. Game MVP Steve Hogg was outstanding in goal for the Voyageurs, stopping all 37 shots he faced in a 4-0 shutout of the visiting

Lancers. The Voyageurs travel to Waterloo Tuesday afternoon to face the defending OUAA Champion Wilfrid Laurier Golden Hawks in a sudden death division quarter final. The Voyageurs and Hawks split two games this season, with each team winning in the other team's rink. A victory over Laurier advances the Vees to the best of three division semi-final.

Laurentian University Athlete of the Week

Name: Steve Hogg

This week's Laurentian University/Pizza Hut Athlete of the Week honours go to Steve Hogg, goaltender for the Men's Hockey Team. Steve was in goal for both of Laurentian's wins this past weekend to help the Voyageurs clinch their first playoff berth since 1986. In Friday's 7-4 win over R.M.C. Hogg turned aside 28 shots to lead the Vees into the playoffs. In Sunday's regular season finale at home versus Windsor, Steve stopped all 37 shots sent his way to earn the shutout in Laurentian's 4-0 victory.

Steve is currently enrolled in the 3rd year of the Economics program at Laurentian.

Congratulations to Steve Hogg Laurentian University's Athlete of the Week.

OPEN LETTER

TO: All Full-Time Students

FROM: Doug Goldsack, Dean, Faculty of Science & Engineering
Jon Gonder, Dean, Faculty of Social Sciences
Charlotte Neff, Dean, Faculty of Social Sciences
Pierre Roberge, Dean, Faculty of Professional Schools

The purpose of this letter is two-fold.

The first is to let you know, well in advance, that all full-time students who intend to return to Laurentian next September will be required to Advance Register during the period mid-July to mid-August.

Secondly, in order to ensure that your Advance Registration goes as smoothly as possible, we have designated the period March 18 to March 28 for Advance Registration Counselling.

You should make an appointment now to meet with your Academic Advisor during the counselling period. Your Advisor will assist you in selecting courses for next year, resolving problems you might have in meeting degree requirements, and suggesting options which are open to you.

This is not a formal commitment to register for next year, but a counselling session. It is in your best interests to take advantage of this opportunity -- don't miss it!

Good luck with your studies.

OFF CAMPUS STUDENT SURVEY

February 1991

Over the years, the SGA has been receiving more and more comments and concerns regarding services and facilities for off campus students. Comments range from lack of information about services and activities to the absence of a sense of belonging/place on campus.

In addition to the problems, solutions have also been suggested. For example, many students believe establishing an off campus facility could be a possible solution. Expanded and improved services on campus has also been suggested.

At this time, SGA would like to hear your voice on this issue. Please help the SGA to address the problems faced by off campus students by answering the following questions.

NOTE: The SGA recognizes that many n campus students eventually become off campus students at some time in thier student career. With this in mind, the SGA would like to encourage all students to participate in this survey. All comments are appreciated and helpful.
